

# Sanitary Spool Pieces

***Pre-fabricated stainless steel sanitary spool pieces can eliminate costly field welding***

- Sizes 1/2"-12" tube OD.
  - Materials of construction: 304 and 316L stainless steel, AL6XN
  - 316L and AL6XN assemblies marked with heat numbers. MTR's are available
- 
- Joints on all of our sanitary spool pieces are TIG welded under an Argon purge
  - Sanitary spool piece welds are 100% inspected
  - Wide variety of surface finishes available, including electropolish
  - Choice of end connections, including sanitary clamp, bevel seat, cam and groove and John Perry.
  - Along with sanitary spools, we also offer other custom sanitary piping configurations. We can pre-fabricate entire sanitary process lines. We also fabricate sanitary stainless steel jacketed spool assemblies and fittings
